

TSK-67406 IBM CLOUD ACCOUNT

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and a user profile. The main content area is titled 'Dashboard' and includes a 'Create resource' button. Below this, a 'For you' section features a horizontal carousel of quick start guides. The guides include: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Build a Virtual Private Cloud (VPC)' (Upgrade to a paid account to create your own protected space in the IBM Cloud), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Get Started with the CLI' (Install the IBM Cloud™ developer tools, which include the latest IBM Cloud CLI, verify the installation, and configure the environment), and 'IBM Cloud Migration Services' (Use IBM Cloud Migration Services to migrate workloads to a hybrid cloud with reduced risk and cost). Each guide has a 'Getting started' button and a time estimate. Below the carousel, there's a 'News' section with a 'View all' link, followed by 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' sections, each with a 'View all' link. The bottom of the dashboard shows a Windows taskbar with various application icons and a system tray with the date and time (19:23 13-11-2022).
